

It's Animal Month!!

This week, the kids are on a safari. Come check out the sportcourt, if you haven't already! It's been transformed into a jungle with life-sized animals on all of the walls. Next to each animal, you'll find "reports" that each of your preschoolers have been researching and working on with Miss Katie. Not only do the kids memorize and learn about the animal that they chose, they also end up soaking in all of the facts and info on all of the other animals that their friends "reported" on too! Who knew learning could be so much fun?! Next week, the kids will make their favorite ocean animals out of clay and learn all about sea life. And then, the Zoomobile comes to visit during our "Scales and Feathers Week". The Zoomobile is one of the high-

lights of the school year and parents are welcome to come that morning (Tues. March 14th at 10:00) and bring siblings to

join in. March is jam-packed as we wrap up the month with Farm Animals Week and Pet Week. Another cool thing to come in and check out when you have time, is the new "Kindness Tree". We always encourage kindness at our school, but now it's a little more motivating to see all of the hearts on the tree filled with kind things our preschoolers are doing for one another. Stay tuned for information on conferences coming up at the beginning of April and I will also be getting out another Scholastic Book Order this month. Finally, the teachers and I want to say thank you to our Assistant Teacher, Oscar, (Linus' brother and a Hidden Valley Preschool Graduate) for lesson planning and doing such creative projects with our preschoolers. They loved it!

March 2017

Oscar's Project!
